### **A CRY TO MOURN OUR DEAD CHILDREN IN KUMBA**

Dear women of the PCC, we bring you greetings though with such deep pain inflicted on us by barbaric souls.

We write to condemn completely and totally the gruesome killing of our children in Kumba.

Following the cry from the Moderator and all the women folk, we decry and mourn for our children who have been sent to their early graves. Let us rise up from all angles to be the sound that will be heard in this land Cameroon.

We, like Rachel have seen what has been done to our children and have refused to be comforted (Jeremiah 31:15).

### **THE TIME TO ACT IS NOW!**

On **Tuesday October 27, 2020 at 9:00am**, all women of **Mezam Division** will converge at **Finance Junction** while those in **Buea** will converge at **UB Junction** to mourn for our children. We will all appear in our mourning attires, peace plants (Nkeng) and a candle each for the sake of those children.

Generally, all the women of our church are expected to pray for the repose of their souls and strength for their families during our group meeting days. We are encouraged to crown this mourning exercise on **Sunday November 1, 2020** in black at our various worship places.

We add our voices to that of the Moderator of the PCC to say may those behind these gruesome killings of God's children be imprisoned by the judge of the human conscience even before they are found out. God remains on the throne and will never forsake His own.

*Yours faithfully,*

**Rev. Mary Mbole Ekinde Salle,  
National Secretary, WWD, PCC.**
